23yo
MASTER STUDENT (2nd year)
AT
SAAD DAHLAB UNIVERSITY

PROFILE

I am a junior web developer. I want to make my own impact in this world to make it better through my skills and hardwork. I'm ambitious without limits, punctual and too disciplined. I already did some volunteer projects in Europe to make my impact comes true. I admire the fact that success is no accident. It is hard work, perseverance, learning, studying, sacrifice and most of all, love of what you are doing or learning to do.
